John McKinney formerly of Lake Tahoe, is now owner of a good mine in Georgetown, California.

The churches were all well attended Sunday evening, some very able sermons were preached by our pastors.

There is a woman in San Francisco who intends to set her dog on John L. Sullivan, to see which is the better warrior.

Go and hear The Noss Family get music out of common sticks, tin funnels and wooden barrels in "A Quick Match."

You will not have another opportunity this year to get as good a lunch as the one to be given on Friday, so don't miss it.

E. H. Gropen, of Bonestell & Co. of S. E., was again to be seen on our streets yesterday. He reports business good with him through Nevada.

The out-going train of Sunday evening bore from our city quit a number who had been here on a short visit. Travel is good for this time of the year.

THE BIG MINING SUIT.

The Board of Directors Elected by Brokers' Proxies.

Special to "Appeal."

San Francisco, Dec. 7.—The suit against the Hale & Norcross Directors and the Nevada Mill Company was resumed this morning.

William Watson testified that he was a Director of the Company in 1887 and '88.

"How did you obtain the office?" "I don't know, and I was elected without ever having been consulted. I was notified that I was elected."

"Were you present at the meetings?" "Not many."

"Do you know in whose interest you were elected?" "No sir."

"Did you know anything about the mine?" "Only what I gleaned from the report of the Superintendent."

Aaron Doud testified that he had considerable Hale & Norcross stock in his name in March, 1889. He gave a proxy for 2000 shares to vote at the meeting of the Directors, but did not know who were to be elected.

J. N. Snyder testified that he had 2335 shares in his name in 1889. He gave blank proxy to H. M. Levy. Levy never paid for proxy.

James Gillen testified that he gave his proxy to H. M. Levy and was told that there would be no contest, but the old Board would be elected.

Attorney Baggett offered in evidence certain account books belonging to W. S. Hobart, for the purpose of showing that the latter had paid various sums of money to H. M. Levy. A long argument on the competency of the proposed evidence followed. After hearing the argument Judge Hebbard said he would take the matter under advisement, and before deciding make an examination of the books. More testimony was taken to show that the Directors of the Company were elected by brokers' proxies.

Masquerade Carnival.

On Christmas night Frederick's Orchestra of Reno, will have a grand masquerade at the Carson Opera House. Too much can not be said of the music furnished by this organization.

The Chinese Masonic Society was thrown into a flurry last week when it was found out that one of the members had revealed the secrets of the order to ten outsiders, one of whom is the leader of highbinders. Finding out that it was getting too hot for him, he skipped to Virginia. If the member who gave the secrets away is found out, it will go hard with him.

Burton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Calico Mining Boom.

The Calico mines in Southern California are again attracting considerable attention in that State. New discoveries are reported and the mines which have so long been closed down are again being worked. This is indeed good news for it will give work to over one thousand men and as there are many unemployed miners in that part of the country and Arizona, the mines being started will be a God send to that class of people as well as to the whole country. The mines are considered the best in California and being in a hot district, work is only carried on during winter months. The San Bernardino papers speaking of the mines and operations say that there is no need of anyone being idle as there is plenty of work for all miners and teamsters. San Bernardino will feel the effects in a financial way.

Max Brust, the Seal of North Carolina man, was in the city yesterday on a flying trip. He departed on last evening's train for Frisco, where he will be joined by his wife.

WHY

THAT IS THE QUESTION,

Can you go to the EMPORIUM and know you will get the worth of your money?

BECAUSE

Abe treats you well; gives you one price, and tells you frankly if your purchase is cotton or wool, and if it will wash and wear.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
